GENERAL INFORMATION
DOCTOR OF MEDICINE ADMISSION
S.Y. 2014—2015

A Transformative and Socially Accountable Educational Health Institution for the 21st Century
BU COLLEGE OF MEDICINE
VISION...
The BUCM aspires to be the leader in transformative and integrative medical education.
BUCM seeks to develop doctors who are active agents of health systems transformation toward self-sustaining and resilient communities.

MISSION...
- To produce physicians with transformative qualities ready to serve the local and global communities.
- To undertake research to evolve measures and models of response to health issues and challenges sensitive to anthropo-social-medical realities in Bicol.
- To extend proactive services in health education, disaster preparedness and environmental sustainability programs that will develop healthy communities.
